Is Genesis History? features over a dozen scientists and scholars explaining how the world intersects with the history recorded in Genesis. From rock layers to fossils, from lions to stars, from the Bible to artifacts, this fascinating film will change the way you see the world. The film's goal is to provide a reasonable case for Creation in six normal days, a real Adam and Eve, an actual fall, a global flood, and a tower of Babel. Dr.

Del Tackett, creator of The Truth Project, serves as your guide—hiking through canyons, climbing up mountains, and diving below the sea—in an exploration of two competing views ... one compelling truth.

“An engrossing primer on why we can feel confident believing the Bible’s account of creation.”
World Magazine

“An impressive documentary. Del Tackett takes you on an inspiring journey that is sure to educate and encourage you.” – Kirk Cameron

“Will strengthen confidence in Scripture, clarify understanding of the relationships of revelation, science, history, and faith, and enhance understanding of difficult questions all while being both beautiful and entertaining.” – E. Calvin Beisner, PhD

“Attempts to deal with that one simple question: Is the biblical account of creation and flood meant to be understood as history? And does the world give evidence of recent creation and catastrophic flood? Host Del Tackett tackles these questions head-on and does so in a compelling way.” – Tim Challies
